

DAP ANTARTICA

2021–2022

✈ On 1989, DAP began flying to King George Island in Antarctica, where it has been flying without interruption to this day. DAP is the private airline with more experience in flying to Antarctica. This place is one of the only places on earth that is still pristine, it is therefore, why, it has become an important reserve for the biosphere. Its unique beauty contrasted with its extreme weather conditions, make it an exotic and enchanting destination for all those privileged travelers who are planning a visit to the end of the world. On our aircraft you will fly over the Magellan Strait, Tierra del Fuego Island, Darwin Mountain Range, the mythical Cape Horn and the raft Drake Passage to finally arrive at King George Island, Gateway to the White continent.

▼ DAY PREVIOUS TO THE PROGRAM

At your arrival to Pta. Arenas we will include 4 nights of accommodations, **based in double room**. This apply for Full day and Overnight programs. If you wish to request a Single room you have to pay a supplement.

A day before of your arrival, you will receive an e-mail with all the instructions to participate in the Antarctic briefing which is in our offices. You will have the chance to share with the other participants of this tour, will be received by our host, everything accompanied with a welcome cocktail.

The arrival in Punta Arenas, the day before of the trip, must be **NO LATER THAN 5pm** in order to be part of the briefing. Passengers that not participate of this briefing will not be allowed to fly.

The realization of this program and its activities are subject to weather conditions. The decision of whether or not they can be carried out will be made by DAP staff.

The airplane

King Air 300

Program aircraft

General Specifications

- 09 passengers—02 pilots
- Cruise Speed 300 kt
- Maximum altitude 35.000 ft
- Pressurized cabin

In Antarctic configuration, only carries a maximum of 06 passengers and has no toilet service.

DESCRIPTION OF FULL DAY PROGRAM

A transfer will pick you up from hotel to Punta Arenas airport to board DAP flight with destination to King George Island (Antarctica). At your arrival you will be welcomed by our Antarctic tour guide who will take you on a tour visiting different areas of the island like Villa las Estrellas (first settlement inhabited by civilians), Orthodox Russian Church at Bellingshausen station, navigation on a zodiac boat to Ardley Island to visit some penguin colonies (Gentoo, Chinstrap, Adelie).

After 5 hours of tour (weather permitting) you will take the flight back to Punta Arenas where a transfer will be waiting for you to take you to the hotel.

DESCRIPTION OF OVERNIGHT PROGRAM

After the activities of the full day, passengers will be taken to the Ice Camp based, near to Colins glacier, located about 5 kms (6 miles) from the runway. This ice camp includes a thermic tent (Module) as a dining room for the entire group, one special tent as a basic expedition toilette and three different small thermic tents for two people each one, to spend the night. Next day you will have a walk to the "Elefanteras" (sea elephant colony), a visit to the Chinese station "Great Wall" and depending on the weather conditions it is also possible to visit other tourist attractions before returning to Punta Arenas.

Full day program has an approximated duration of five hours on King George Island.

Overnight program on first day is identical to a full day. The overnight is carried out in an Antarctic camp.

Recommendations:

- * For Full day we recommend a small backpack (5 kilograms / 11 pounds)
- * For Overnight we recommend a small backpack as well (10 kilograms / 22 pounds)
- * All visits are made by foot.

Before the flight:

- Go to the restroom, at the airport.
- Bring your passport.
- Use adequate clothing for this trip (ski or winter outfit)
- Inform us
- Bring cash (Chilean pesos or US dollars) to buy some souvenirs during your visit.

The whole program (Full day and Overnight) including visits, walks and navigations is subject to weather conditions and may change the order of the tour/activities and the total hours of stay.

Consider dressing with multiple layers, in a comfortable manner, ready to walk a distance.

Avoid heavy clothing

DAP will provide you of a special jacket and a pair of boots for the tour in case you do not have the adequate equipment. These ones must be return back to us after the tour.

BASIC: Do not forget gloves, appropriate shoes (imagine walk on snow/mud), waterproof jacket, hat and scarf or buff to cover your neck area.

EXTRAS: It's advisable to bring an extra set of gloves and socks in case there's any problems; having dry feet and hands is fundamental during the tour and flight. The ozone layer its biggest weak spot over Antarctica so taking care of exposing yourself to solar radiation is important. Use sunshades and sun protector applying it before stepping down from the plane. Don't forget your medicine if you need it.

Upon entering the plane, you will find a bag on your seat. Inside, a lunchbox contains your menu. Given the reduced size of this aircraft it operates as self-service.

Upon landing our staff will dispose of it, exchanging it for a new one to be used on the flight back to Punta Arenas.

For safety reasons, we do not serve alcohol drinks on our flights towards Antarctica. However, they will be available for the flight back to Punta Arenas.

Nota 1: At the moment of your booking request, you will receive the Adventure Booking Form. You have to complete it with the information. **This is COMPULSORY in order to book.**

Nota 2: All the meals and beverages are included during the development of the program. It is responsibility of each person to indicate in the Adventure Booking Form some meal restriction or special requirement.

Insurance: DAP declares that our insurance of civil liability covers all passengers against risks while they are on the airplane and when boarding or disembarking via the stairs. Therefore, all passengers must have the necessary insurance to cover civil liability derived from any injuries or illnesses that they may sustain while being outside the plane. Likewise, the operator must demand passengers to have a rescue insurance that covers a potential evacuation from Antarctica by air. The parties involved consider an essential subject that all passengers have the insurance mentioned above.

We remark that our Company do not sell or provide any personal insurance, passengers must take it by themselves.
